

Vigor Marine Project Manager Portland, OR

Vigor Industrial LLC is a thriving West Coast provider of innovative industrial services with services that range from ship repair to specialty coatings to water treatment. Our dynamic operations are united by a focus on quality craftsmanship, respect for each individual, and dedication to the task at hand. Vigor Industrial is committed to working in a safe and environmentally-responsible manner. Vigor facilities are located in Everett, Bremerton and Port Angeles, WA; Portland, OR; and Alameda, CA.

Vigor Marine is one of six companies in the Vigor Industrial family. We are a fast paced, highly successful ship repair company. Our creative, flexible style allows for individual solutions to unique customer needs. We are equally comfortable responding to an emergency repair job as we are executing a multi-year maintenance agreement. With West Coast-wide operations, Vigor Marine's projects range from voyage repair to complex dry-dockings.

We are seeking a seasoned Project Manager, who will have overall profit and loss authority and accountability for assigned Ship Repair projects, ranging in size of \$1 million to \$10 million. In this position you will serve as the primary day-to-day contact with the customer(s). Through project team members, you will manage the application of labor, materials and subcontractors to achieve safe, timely, and profitable results while assuring customer satisfaction.

EDUCATION & EXPERIENCE: An advanced degree in any technical skill associated with ship repair, and/or ten to fifteen (10-15) years of progressively more complex work experience that demonstrate the acquired ship repair and production knowledge and expertise; or the equivalent combination of education and experience. Five to ten (5-10) years experience with successful projects directly resulting from his/her management experience. One or more of the projects must be considered "large".

The overriding qualifications are the specific demonstrated successful experience staffing, supervising, and ensuring the technical competence of employees in complex, multi-phased, extensive, long-term, high dollar valued projects.

KNOWLEDGE, SKILLS, & ABILITIES

- Proven, documented entrepreneur skills and results.
- Demonstrated experience managing a diverse, complex, technical workforce in a union environment.
- Computer familiarity (MS Word, Powerpoint, Excel, MS Project, etc.)
- Excellent proven communication (both oral and written) skills.
- Excellent informal influence skills; the ability to succeed in accomplishing tasks when the performers are not necessarily in the direct line of authority.
- Demonstrated expertise in maximizing revenue and profits on projects through the art and science of negotiation.
- Strong customer service skills.
- Demonstrated ability to effectively plan and execute ship repair projects.
- Demonstrated ability to translate the requirements of a complex, multi-tasked function into the staffing hours required for efficient and effective project completion.
- Ability to define problems, collect data, establish facts, and draw valid conclusions.
- Working knowledge of the Shipyard and the sequencing of activities necessary for a profitable, efficient project completion.
- Familiarity in working with union contracts.
- Ability to interpret an extensive variety of technical instructions in mathematical or diagram form, and deal with several abstract and concrete variables.
- Strong Shipyard "smarts".

SUPERVISORY RESPONSIBILITIES: Few to many employees with varying degrees of technical expertise.

PHYSICAL DEMANDS: The physical demands for this position are moderate to heavy. They include frequent standing, walking, kneeling, climbing in external climates. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

WORK ENVIRONMENT: The work environment for this job is demanding and potentially hazardous due to work on or inside ships as well as travel around the ship repair yard.

Relocation assistance available for the qualified candidate. We provide competitive salary, strong benefits package, 401k and bonus opportunities.
